Mutiny Showing Among  
Guard of Emperor's  
Summer Residence.

## SITUATION DAILY CROWING WORSE

Existence of Organized Military  
Revolutionary League Dis-  
covered—Warsaw Terror-  
ists Murder More Po-  
lice—Women and  
Children Killed.

(By Associated Press.)

ST. PETERSBURG, July 3.—All doubt of the existence of an organized military revolutionary league, which is inspiring mutinies and uprisings in the army, has been set at rest by the discovery of the seal and documents of the league during the search of soldiers attached to staff headquarters at Vilna and detailed to various regiments of the Third Corps. War Minister Rudiger has ordered strict investigation to be made of all detachments of troops, in order to determine the extent of the revolutionary propaganda and the best methods of counteracting it.

### Riot at Tsarkoe-Seio.

An incident riot is reported to have occurred among the cuirassiers of the guard at Tsarkoe-Seio because they had been ordered not to read the newspapers. Officers of the guard when questioned on the subject declared that the severity of the measures to prevent the spread of the revolutionary propaganda among the troops is arousing such intense resentment among the men that the lives of the officers themselves are endangered. They speak most pessimistically of the spread of delinquency in the army.

Colonel Poteroff, commander of the Vladimir dragoons at Bialystok, in his report to the Emperor printed in the Russky Vistok to-day charges the Jews with throwing bombs and firing revolvers during the recent disturbances there. He claims that the troops did not fire except in response to much provocation.

### Women and Children Killed.

The ministry of war has received telegrams to the effect that a serious mutiny has broken out in the second and third battalions of the Tirailleurs and the first railway battalion at Askaniya. It originated in the now familiar way of the arrest of soldiers and their comrades demanding their release, and the formulation of a list of grievances, including a demand for the removal of officers and their replacement by men from the ranks. The mutineers set the governor-general at defiance. Reinforcements of infantry, Cossacks and artillery have been dispatched to Askaniya from Kiev.

Agrarian discontent continues. A desperate encounter took place between the police and a crowd at a public garden in Tulla, and many women and children were among the victims. At Askaniya there was a regular engagement in which several persons were killed or wounded.

### The Czar's Solicitude.

The government's agrarian bill has finally been approved, introduced in the lower house of Parliament and published in the Official Messenger, accompanied by a sort of proclamation to the peasants, glorifying the emperor's constant solicitude for the peasants.

### Midnight Cabinet Meeting.

ST. PETERSBURG, July 4, 2:40 A. M.—A meeting of the cabinet called by Premier Goremykin after his return from his visit to Emperor Nicholas, at Poteroff, began at 1:30 o'clock last night, the ministers having been unable to assemble to do so, owing to the late train. The meeting was continued until late into the night.

### No authoritative announcement of the reason for the calling of this extraordinary midnight conference or its decisions is obtainable at this moment, but there is little doubt it was connected with the change in the ministry, through which the cabinet was reconstituted.

## MORE POLICE IN WARSAW KILLED

Systematic Plan of Terrorists to  
Exterminate Officials in  
Polish Capital.

(By Associated Press.)

WARSAW, RUSSIAN POLAND, July 3.—The terrorists' determination to exterminate the police force shows no signs of wavering. Before noon to-day two more police sergeants were added to the already long death-roll. Both men were shot and killed in the streets, and in each case the assassins escaped.

Another policeman was killed this evening. A patrol which hurried to the scene of the murder fired a volley, killing a passerby.

The police demand the dismissal of the authorities.

### Systematic Plan.

(By Associated Press.)  
BERLIN, July 3.—A dispatch to the Lokal-Anzeiger to-day from Warsaw says that the murders of policemen there are regarded as being part of a systematic plan of the terrorists instituted out of revenge for the recent executions as the result of trials by courtmartial. Many policemen have received anonymous notices to the effect that they are marked for death unless they resign on or before to-day. Some of these resigned and were arrested by order of the authorities.

### Taft Trip Wedding.

Miss Alice Slater Becomes Bride  
of William J. Kehoe.

(Special to The Times-Dispatch.)  
WASHINGTON, July 3.—Announcement was made yesterday of the wedding of Miss Alice Slater, daughter of Mr. and Mrs. John D. Slater, of this city, and William J. Kehoe, official stenographer to committees of the House of Representatives.

This is the third marriage resulting directly from the famous marriage of the Taft party. In all previous marriages, the bride and groom were acquainted for some twelve years. It was only during the close companionship of the journey last summer that they took more than ordinary interest in each other.

occupying three buildings, was rapidly subdued.

The roof of the church soon fell in with a thundering noise. Dr. Brinkman, director of the Museum of Art and Industry, with several officials entered the church to save the gold and silver treasures, but only the smaller part of these were secured.

### Twelve Houses Burned.

The flames later attacked houses in Englishplanke, Boehmken, Venusberg and Muehlen Streets. The Schaarmarkt, which was a wooden building, burned rapidly. A small Baptist church also was destroyed. In all, twelve houses were entirely destroyed, while more than twenty roofs or upper stories were burned.

The people of Hamburg deeply regret the loss of the church, which was one of the most prominent objects in the general view of the city. All state religious functions were held in St. Michael's.

## WEST VA. FARMER KILLED BY WIFE

Lived Long Enough to Call Chil-  
dren to Side and Tell  
Them.

(By Associated Press.)  
CHARLESTON, W. Va., July 3.—William Jarvie, thirty-five years old, a prominent farmer of this county, was shot and killed at his home on Cooper's Creek last night. There were no witnesses to the tragedy, but Jarvie lived long enough after being shot to call his children, the eldest twelve years old, to his side and tell them that their mother had murdered him. The body lay in the front yard all last night until the coroner arrived this morning. Mrs. Jarvie was brought here to-day and placed in jail. She claims the shooting was in self-defense.

### To-Day at Beach Park.

Beach Park is an ideal and very appropriate place to spend the glorious Fourth of July. It was at Yorktown, a few miles from there, that the final struggle for American freedom was fought. A train will be run to Beach Park from Richmond this morning, leaving the Southern Depot at 1 o'clock, and the "Warrior" will go as usual at 6:30 this evening. Both of these excursions will probably carry large crowds, and Captain Herman Nolle, the new excursion manager, will do all in his power to further their comfort and give them a time worth remembering.

### Delay of Traffic.

(Special to The Times-Dispatch.)  
LYNCHBURG, Va., July 3.—A freight wreck on the Southern this morning a short distance below the city delayed traffic on the main line for three or four hours. No one was injured.

## BOOMING BONAPARTE FOR GOVERNOR OF MARYLAND

Republicans Talking of Secretary of Navy as Likely Candidate to Succeed Warfield—Believe He is Willing.

(Special to The Times-Dispatch.)  
BALTIMORE, July 3.—Republicans high in the councils of their party are talking of Charles J. Bonaparte, Secretary of the Navy, as their candidate for Governor. They have not yet approached him on the subject, but they believe that if the sentiment of the party should be that Mr. Bonaparte is the man to lead the fight, he would be willing to do so, even though it would be at the sacrifice of his post. Strangely enough, the suggestion that Bonaparte be the candidate has grown out of the distribution of Federal offices, in which he figured in the dual role of Civil Service reformer and political adviser of the President.

Bonaparte's attitude toward the various political interests has given the party workers an entirely different opinion of the Secretary's idea of politics. They no longer regard him as an idealist or a political dreamer. On the contrary, they recognize the fact that he has labored assiduously and has shown that he understands practical politics.

## PRESIDENT AT OYSTER BAY

(By Associated Press.)  
OYSTER BAY, N. Y., July 3.—President Roosevelt to-day took up the work of administering governmental affairs from Sagamore Hill. To-morrow he will make an address to his neighbors in celebration of the Fourth.

Secretary Loeb laid before him this morning a large assessment of several hundred dollars. Its disposition took several hours. The business which naturally will come to the President as the result of the operations of new laws and the beginning of the fiscal year has not as yet reached him from Washington, and the work to-day was said to be unimportant from the standpoint of public interest.

## Will Speak To-day.

Oyster Bay is experiencing Fourth of July thrills to-night in anticipation of the celebration, when the President is to address an open air gathering at Louist Grove, in the outskirts of the village. Decorations have been put in place, and the town has been given a holiday appearance.

Staff to Be Used in Government  
Buildings at Jamestown.

(From Our Regular Correspondent.)  
WASHINGTON, D. C., July 3.—The erection of government buildings for the Jamestown Exposition is going to have the right of way until completed, so that the supervising architect of the treasury can give the work precedence, and as Secretary Shaw approves, there is no reason to suppose that anything will intervene to prevent the supervising architect's plan being carried out.

"The buildings will be of the usual exposition type," said Mr. Taylor, supervising architect of the treasury, to-day. "They will conform to the style of architecture selected for the buildings erected by the exposition company."

"Staff, a composition resembling plaster, will be used very extensively. It is perishable, but presents a beautiful effect, and the hope to have the exposition work so well out of the way in the course of three or four months that we can proceed with the erection of the new government buildings provided for by the public buildings bill at this session of Congress.
